## E-Commerce : Year Lookout (2016-2018) by Percent

Interesting to note that foray into Computers was from 2017

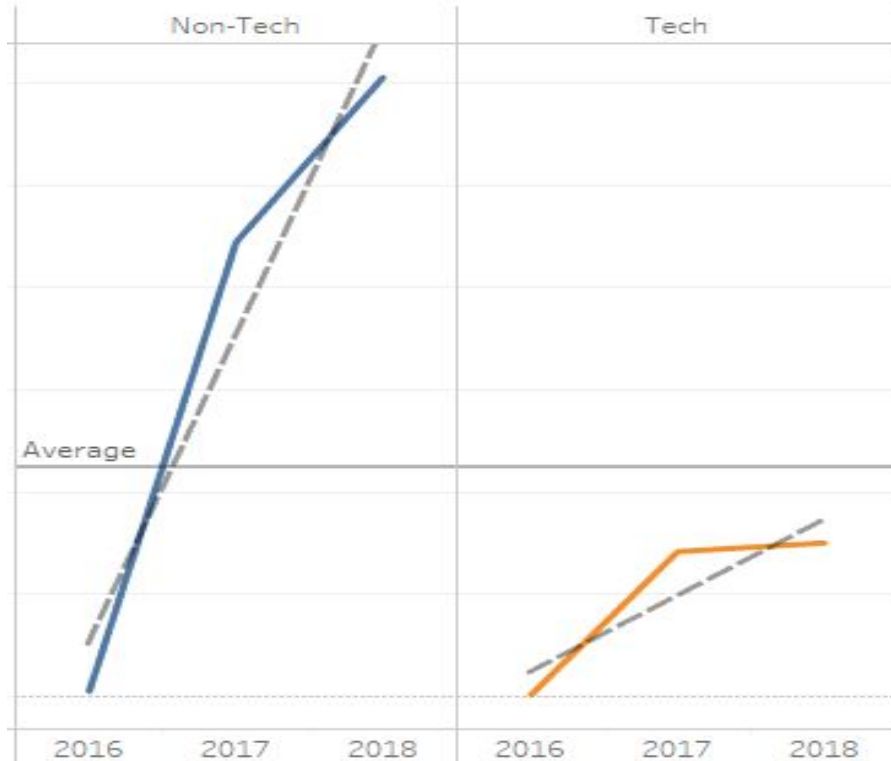

## Market Study

## Logistics

## E-Commerce

### E-Commerce : Avg. Seller Earnings

### Remark:

Rising revenues, but Non-Tech stays below average earnings line. 📊📈

# Conclusion

**\*\*We need more actualized data to make a better decision.\*\***

It would be better to sell only lower price products with Magist.

Our suggestion overall is that Magist, even though it shows growth and good customer service; it is not enough for Eniac to hire the company for its expansion to the market of Brazil.
